<   Part 4 of 4   >

WEB PROJECTS

- This project was a recipe web app built on tailwind as the front-end and PHP as the backend.

- Here are some screenshots from the application.

LOGO DESIGN PROJECTS

- Love
- Charity
- Integration
- Ethiopian culture

This is half of 1 birr coin that I used to show charity.

This is strings of kirar which is found only in ethiopia to describe ethiopian culture.

This design shows the integration of the big and small, poor and rich peoples.
